Paycheck Protection Program

An SBA loan that helps businesses keep their workforce employed during the Coronavirus (COVID-19) crisis.

The Paycheck Protection Program is a loan designed to provide a direct incentive for small businesses to keep their workers on the payroll.

SBA will forgive loans if all employees are kept on the payroll for eight weeks and the money is used for payroll, rent, mortgage interest, or utilities.

You can apply through any existing SBA 7(a) lender or through any federally insured depository institution, federally insured credit union, and Farm Credit System institution that is participating. Other regulated lenders will be available to make these loans once they are approved and enrolled in the program. You should consult with your local lender as to whether it is participating in the program.

Lenders may begin processing loan applications as soon as April 3, 2020. The Paycheck Protection Program will be available through June 30, 2020.

Important Information for Unemployment Insurance

If you have filed an unemployment insurance application (UI), you must then file a weekly claim for each week or you will NOT be paid!

VEC recommends you do this on Sunday, Monday, or Tuesday of each week if you remain unemployed and want to be paid for the prior week. [Check out this news report](#).

You can complete and submit your weekly UI payment request by calling 1-800-897-5630. You can also find more information by visiting our website at vec.virginia.gov.

Online is recommended! For those who need to file for unemployment due to COVID-19, the best way to file is online through [Virginia Workforce Connection](#). While the call center number is still functioning, the wait times are higher than normal at this time due to call volume. The filing website is mobile friendly and can be accessed from smart phones. The website has Live Chat capability and our Centers are still accepting calls at this time if you need additional assistance.
